

# Pee Wee Coach Instructions

**Pee Wee Jamboree 2009**

**Saturday, October 24**

**6:00 PM**

**Lebanon Alumni Stadium**

Once again this year, we will be organizing a big night for our smallest players – The Pee Wee Jamboree. This is the tenth year we have conducted this event and it has been a great night for kids and their families. However, the events have not been without some minor problems.

To avoid those problems, we would ask the teams that wish to be involved please do the following:

- Each team must provide a typed list of their roster to Glenn Beidler, **no later than October 10**, to confirm your participation. This list will be used on the night of the event to introduce each team. (Last minute modifications to your list may be made by contacting Mike Kuhn).
- Rosters can be sent via e-mail, which must include the following:
  1. Name of each Player with jersey number
  2. List all coaches
  3. Please include a contact name, phone and e-mail for your team.

**Note:** Each team will need to notify Mike Kuhn prior to the event, if you will have one or two groups. In the past, teams with larger rosters have had enough kids to have an “A Team” and a ”B Team.”

Bigger/stronger kids should be kept on your “A Team” and smaller kids should play on a “B Team.”

Our goal is to match teams and kids of equal ability – so that one team doesn’t completely dominate another for 15 minutes. When this happens, it really doesn’t help either team.

The kids and their parents have the most fun at this event when teams score a lot of touchdowns. We don’t expect you to tell your kids to lay down on defense and let people score, but coaches can certainly help by moving kids around and substituting so that every team is successful in moving the ball and hopefully scoring a lot of touchdowns. Please do your best to make that happen!
